2-Point Inside Measuring Instrument

Item number: 526-175-10

Images

Description

This is a two point split contact point ideally suited to smaller bore measurements.
It offers you the following benefits:

- A precision bore gauge so you can make quick and accurate measurements of small hole diameters (0.95-18 mm).
- You can replace the analogue indicator fitted to this instrument with a customer-supplied Digimatic indicator if you need.
- The contact point is hard chrome coated.

Features

Repeatability:	2 µm
Delivered:	In a box, without dial indicator, cover for dial indicator and setting ring
