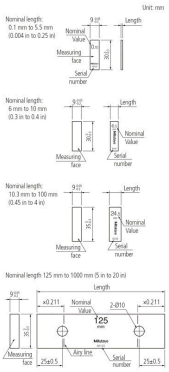
Gauge Block, Metric, Inspection Cert.

Item number: 613612-031

Images



Description

This Grade 1 Gauge Block with Inspection Certificate offers you the following benefits:

- Due to the ceramic material, these gauge blocks are highly wear-resistant and corrosion-resistant.
- CERA blocks feature ten times the abrasion resistance of steel gauge blocks and three times that of hard metal blocks.
- Steel and ceramic have similar expansion coefficients which reduce measurement errors that occur due to temperature change.
- Non-magnetic: Powders (such as iron grit) will not adhere to surfaces
- Clearly visible marking: Black characters on a snow-white surface
- More or less free from dimensional change over time
- Can adhere to steel gauge blocks
- Free from burrs caused by scratches

Features

Inch-Metric:	Metric
Length [mm]:	2
Type of Certificate:	Inspection certificate
Delivered:	In a foamed material with inspection certificate
Accuracy:	EN ISO 3650
Grade:	1
Material:	Ceramic
