

ADD-A-LEVEL™ STEPS

Make it easier for workers to transition to the top of their Add-A-Level solution using our custom steps. Using a combination of 16" grid top panels, they are stacked and connect horizontally with Poly-Clips to create a solution to fit your needs. For a custom solution, contact your sales representative to get started.

ADD-A-LEVEL™ RAMPS

Our custom-built wood ramps make it easy to transfer heavy equipment from floor to platform. Connect the ramp to the Add-A-Level platform with clips to keep the entire unit secure. Each ramp features anti-slip grit tape to reduce the risk of workplace injury. Add-A-Level Ramps are compatible when using up to two Add-On Units. Contact your sales representative to discuss potential custom orders.
