

#WT1500NT AG WHEEL TROLLEY, 1.5 TON

When it comes to aiding the removal and transportation of large agricultural wheels, the WT1500NT is in a league of its own. It offers better ergonomics and improvements in both safety and maneuverability compared to other models in the market.

- Truly a one-person operation
- A waist-high hydraulic pump handle moves the jaws in and out to accept the different size wheels
- The handle is also used to raise, lower, and rotate the wheel
- A ratchet strap secures the unbolted wheel in place to give maximum safety, this also allows good access to the wheel nuts and more efficient working space
- Unique tire handling by one person only
- Improved ergonomics, maneuverability, and operator safety
- Strongest model in the market
- Wheel sizes: min. 39.37 in - max 94.49 in
- Wheel width: max 47.24 in

TRULY A ONE-PERSON OPERATION!
