

Series: LI-POHI, B-POHI, LIK-POHI, BK-POHI

## Heat-resistant pressed steel castors, top plate fitting, with heat-resistant, thermoplastic Blickle TempLine® Performance wheel

150 - 350 kg  -25° C - +250° C  RoHS

 **TempLine® Performance**

**Brackets:** LI/B, LIK/BK series - Made of pressed steel, swivel bracket with double ball bearing in the swivel head, strong central kingpin, ball protection by the special top plate design (LIK series without central kingpin, with heat-resistant swivel head seals). The special Blickle dynamic riveting process of the swivel head results in smooth rolling characteristics, increased service life and the swivel head play is set specifically for high temperature applications, with special heat-resistant grease.

Bolted wheel axle.  
Zinc-plated, blue-passivated, Cr6-free.

Bracket overview: Page 71 and 72

Top plate drawings: Page 77

Wheel and swivel head 'stop-fix' brake: Page 80

**Wheels:** POHI series - Made of high-quality, impact-resistant, highly heat-resistant nylon, 85° shore D, grey. Bearing types: Plain bore or two pressed-in ball bearings lubricated with special heat-resistant grease. Detailed description: Page 389 and 52

**Operating temperature:** -25° C to +250° C.

\* At higher temperatures the load capacity may be reduced, refer to page 389

### Options

	Natural colour, temperature range -30° C to +170° C **	With teflon-coated stainless steel axle tube
Technical description page	40	85
Product code suffix	POH series	-XAT
Available for	upon request	Ø 80-125 plain bore versions upon request

\*\* Operating temperature temporarily up to +220° C
