

BURIAL 375, Tape for High Voltage Cables and Accessories, 3-3/4"x30'

By Burndy
Catalog # [BURIAL 375](#)

BURIAL 375 is a versatile and robust solution specifically engineered to enhance the durability and performance of high voltage cables and their accessories.

Features

- Quick and Easy Application - streamlines the process of insulation, filling, and sealing, saving time and effort
- Excellent Self-Fusing Properties - ensures a secure bond and long-lasting protection without the need for external adhesives
- Strong Adhesion - provides a robust seal on a wide range of materials and cable types
- Compatibility with Various Materials - adapts seamlessly to different materials, enhancing versatility
- Good Formability - easily molds to fit irregular shapes and surfaces
- Superior Waterproof Sealing - offers outstanding sealing performance, even on irregular and challenging surfaces
- Versatile Usage - ideal for all kinds of cable joints, pipes, and irregular shape connections for filling, plugging, and sealing
- Enhanced Protection - offers reliable anti-corrosion and sealing protection, extending the lifespan of cables and accessories
