

HYFILL 125, High-Performance Butyl-Based Mastic Tape, 1-1/2"x10'

By Burndy
Catalog # [HYFILL 125](#)

HYFILL 125 is a high-performance, butyl-based mastic tape designed to meet the rigorous demands of low voltage cable terminations and joints.

Features

- Conformable and Flexible - easily molds to fit complex shapes and surfaces, providing a tight seal
- Self-Fusing Design - creates a seamless bond without the need for additional adhesives
- Waterproof - offers robust protection against moisture and water ingress
- Excellent Weather Resistance - maintains performance integrity in diverse weather conditions, from extreme heat to cold
- Superior Ageing Resistance - engineered to withstand the test of time, resisting degradation and maintaining efficacy
- Strong Adhesion to Metals and Cable Jackets - ensures a secure bond to various substrates, enhancing installation reliability
- Ideal for Low Voltage Applications - perfectly suited for use in sealing and protecting cable terminations and joints in low voltage systems
- Easy Application - simplifies the installation process, saving time and reducing labor costs

Specifications

Certified Listed	• ASTM D149-09 (2013) • ASTM D-4325 • ASTM D4325-08
------------------	---

Dimensions

Weight	1 lb.
Height	0.1 in
Width	1.50 in
Length	10 ft
Dimensions	10 ft x 1.50 in x 0.1 in

General

Color	Black
UPC	621945720831

Logistics

Carton Quantity	40
