

QIKBUILD 10, Electrical Insulating Tape, 2"x108'

By Burndy
Catalog # QIKBUILD 10

QIKBUILD is a robust electrical insulating tape designed to meet the rigorous demands of professtional electrical applications.

Features

- Superior Adhesion - features a rubber-based adhesive for strong, lasting stickiness on various surfaces
- High Temperature Resistance - withstands continuous exposure to temperatures as high as 105°C
- Voltage Suitability - safe for use in electrical systems up to 600 Volts, making it ideal for a wide range of applications
- High Tensile Strength - offering enhanced durability and resistance to breaking under tension
- Excellent Electrical Properties - provides reliable insulation, reducing the risk of shorts and other electrical issues
- Conformability - easily molds to irregular shapes and surfaces, ensuring comprehensive coverage and protection
- Good Insulation Property - effectively prevents electrical leaks and shorts, ensuring optimal performance of electrical systems

Specifications

- | | |
|------------------|---------------|
| Certified Listed | • ASTM D-4325 |
| | • ASTM D-1000 |

Dimensions

Weight	26 oz
Height	0.1 in
Width	2 in
Length	108 ft
Dimensions	108 ft x 2 in x 0.1 in

General

Color	Black
UPC	621945720589

Logistics

Carton Quantity	54
