WILEY Bonding Jumpers are perfect for tracker applications, galvanized steel, or anywhere a WEEB® washer is not required.

Application

The corrosion resistant, tin plated copper Wiley line of bonding jumpers are high quality solutions for your system to create an electrical bond between two pieces of galvanized or other uncoated electrically conductive metals. Standard lengths range from 6" to 36", with or without installation hardware assembled or unassembled. Custom lengths are also available on request. UL467 and UL2703 Listed.
