

CABLE RUNWAY ACCESSORIES

Runway Standoff Support

- Use to support or suspend one cable grid or runway from another.
- Provides 12" (305mm) spacing between decks.
- Designed for parallel or perpendicular runways.
- Includes: (2) angle supports, (4) clamps and 3/8"-16 hardware.
- Material: Support & Clamps - ASTM A36 structural steel
- Finish: Yellow Zinc Dichromate (YZN)

Parallel Runways

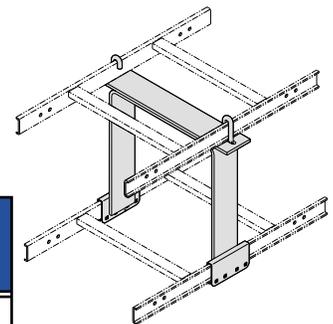

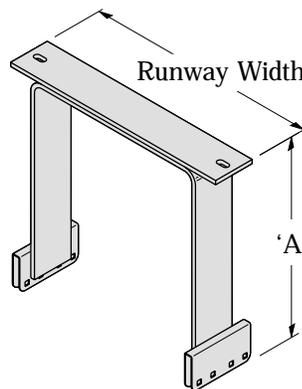

Perpendicular Runways

Part Number	Runway Height		Weight	
	In.	(mm)	Lbs.	(kg)
SB-2125	1 1/2"	(38)	5.0	(2.26)
SB-2125-2	2"	(51)	5.0	(2.26)

Runway Standoff Support

- Use to support or suspend one cable runway from another.
- Provides spacing between runways.
- Designed for parallel runways.
- Includes: Support, (2) 5/16"-18 J-Bolts, Lock Washers & Hex Nuts and (8) 1/4"-20 Carriage Bolts, Lock Washers & Hex Nuts
- Material: Welded steel construction
- Finish: Yellow Zinc Dichromate (YZN)

Part Number	Runway Height		Runway Width		'A'		Weight	
	In.	(mm)	In.	(mm)	In.	(mm)	Lbs.	(kg)
