

## COM6M Supply and Exhaust Hoods

6" Metal Supply & Exhaust Hoods (pair)

Item #: [40221](#)

Metal white powder-coated hoods for supply and exhaust air applications.

- General supply & exhaust air
- Built-in bug screens
- 12" long metal collars
- Effective open area 27 sq.in.

Suitable for remodeling, DIY and new residential projects for general exhaust or supply air or for use with fresh air appliances. No damper's included. For applications with discontinuous airflow, an RSK 6 back-draft damper (#411114) is recommended.
