This exterior exhaust fan extracts stale, humid, and polluted air from indoor areas. Application examples include bathrooms, utility rooms, residential garages, etc.

- Outdoor installation ensures fan motor noise stays outside
- Galvanized housing with painted cover minimizes corrosion potential
- Operable in air temperatures up to 140°F
- Neoprene seals ensure minimal leakage in high temperature ranges
- Built-in thermal overload protection with automatic reset
- Rubber gasket for ease of duct installation
- Five-year factory warranty

With the motor in the airstream, the RVF fan provides the constant dissipation of heat build-up even at partial load that gives the fan best-in-class longevity and reliability backed by an industry leading warranty.
