Pressure Compensation Plug *BDN Series*

Note: Due to circumstances beyond our control, the non-metallic breather drain, part #BDN4XN1, is temporarily unavailable and no new supply expected in the near term. Please see below for alternative suggestions.

NEW SIZES

- Packaged individually.
- Provides for controlled pressure compensation due to temperature variations (i.e. night/day operation).
- When mounted to bottom of enclosure, this unique design provides a method of effectively draining moisture from within the enclosure
- Recommend two plugs per cabinet in opposite locations.
- Pipe Thread M20 x 1.5 (minimum cutout 20.2 mm / 0.80 inches)
- Recommended Torque 10 NM
