

Vertical Ground Bar Kits, 0.625x72.00, Electroplated, Copper

CATALOG NUMBER

DG72

The Vertical Ground Bar Kit mounts vertically on a rack, providing a convenient place to connect equipment grounds. It is made of electrolytic tough-pitch 110 copper alloy. The kit includes a ground bar with a compression lug for #2 wire, connection hardware, and mounting hardware.

These components meet open frame rack and cabinet bonding and grounding requirements for telecommunication room and data center applications.

FEATURES

Components specially designed to efficiently facilitate reliable connections

Enable system to meet equipment manufacturer grounding requirements

Components fit EIA 310-D-rated open frame racks

PRODUCT ATTRIBUTES

Article Number: 17271
