

Flexible Fitting Feed-Through, 6.00x6.00, Brushed, Rubber and SS304

CATALOG NUMBER

F66WFFSS

Feed-Through Stainless Steel Flexible Fittings are used for isolating a wireway run from shock and vibration or compensating for misalignment. Used where an odd angle is required (but not to exceed 90 degrees). Permits movement of a machine or control station connected to a wireway run. Hypalon bellow with steel flanges. Connects to other wireway sections and fittings and protects wires and cables in frequently hosed down, very wet or highly corrosive applications.
