

ProLine G2 Center Upright, 2000

CATALOG NUMBER

P2ACU20

Center Uprights are vertical channels that attach to the frame (top and bottom). They are frequently used in wider frames to facilitate the installation of 19-in. rack accessories.

FEATURES

12-gauge (2.5 mm) mild steel construction

RAL 7035 textured light-gray polyester powder paint finish

Features a 25-mm DIN standard, alternating rectangular and round hole pattern, which matches the vertical hole pattern of the frame

Sold individually and include mounting hardware

Can be used in 800-, 1000-, 1200- and 1600-mm wide frames to facilitate the installation of accessories for 600-mm wide frames and 19-in. rack accessories
