

ProLine G2 Drip Shield, 379 mm Length

CATALOG NUMBER

P2ADS4

The ProLine G2 Drip Shield is used on the inside of the door to provide additional protection from liquid and contaminants. The frame of the ProLine G2 includes a flange trough collar to protect the interior from dust and debris settling on the top of the enclosure. The Drip Shield effectively increases the depth of the trough, and provides additional protection for Type 3R applications.

FEATURES

Provides additional protection from liquid contaminants and debris

Mounted inside the door cover; directly on the top through the M12 mounting holes

Can be mounted on either the front or rear of the enclosure (running left-to-right only)

All mounting hardware included
