

PROLINE G2 EZ-Load Glide Blocks

CATALOG NUMBER

P2AGBHK

A complete set of ProLine G2 EZ-Load Glide Blocks are included with every ProLine G2 Full Mounting Subpanel and ProLine G2 Industrial Packages. This set of four additional blocks can be used if a replacement set is needed.

FEATURES

A complete set of EZ-Load Glide Blocks is supplied with each full-height mounting subpanel; this set of four blocks serves as a replacement set

Support subpanel installation vertically from the front, rear, or side, or can be used to load a subpanel while the subpanel is horizontal

Glide blocks made from a high performing, glass re-enforced polymer, and consist of integrating front and rear sections

All mounting hardware included; glide blocks secure to frame with BV-M6 fasteners, and to the subpanel with metric hex bolts

For vertical front loading, the rear portion of the glide blocks can be attached to the frame prior to subpanel insertion to set a defined panel depth; the front portion of the glide blocks use the frame rails as a guide, gliding smoothly to the preferred depth

For horizontal loading, the frame can be lowered over the mounting subpanel; in this configuration the load of the subpanel is in a safe, static state

If the subpanel is used in the rear most position, the rear glide blocks will not be used, as the frame supports the subpanel

If two subpanels are used in the enclosure in a back-to-back position the rear glide blocks will not be used

PRODUCT ATTRIBUTES

Article Number: 34073

Material: Glass Fiber Reinforced Polymer

Weight: 1.3lb

Color: Black

Finish: Smooth Matte

WARNING

nVent products shall be installed and used only as indicated in nVent's product instruction sheets and training materials. Instruction sheets are available at www.nvent.com and from your nVent customer service representative. Improper installation, misuse, misapplication or other failure to completely follow nVent's instructions and warnings may cause product malfunction, property damage, serious bodily injury and death and/or void your warranty.
