

# ProLine G2 Tamperproof M6 L Key

## CATALOG NUMBER

---

### P2ATPSL

Designed for field-installation on a ProLine G2 enclosure to secure the side/rear cover(s), and reduce the risk of undesired entry into the enclosure. Commonly used on outdoor enclosures that may be susceptible to tampering, or simply to add a greater level of security and limit access to critical electronics.

## FEATURES

---

Screws are angled under the head to sit flush with the countersunk holes on the G2 covers

The driver bit is a hex-shank bit (insert bit) designed for use in hand drivers or in power tools with a standard bit adaptor

## PRODUCT ATTRIBUTES

---

Article Number: 35561

Material: Stainless Steel 18-8

Weight: 0.1lb

Finish: Mill

## WARNING

---

nVent products shall be installed and used only as indicated in nVent's product instruction sheets and training materials. Instruction sheets are available at [www.nvent.com](http://www.nvent.com) and from your nVent customer service representative. Improper installation, misuse, misapplication or other failure to completely follow nVent's instructions and warnings may cause product malfunction, property damage, serious bodily injury and death and/or void your warranty.
