Locking Devices, Elastomeric, Male Plug Interior, 20A 3-Phase 480V AC, 3-Pole 4-Wire Grounding, L16-20P, Screw Terminal

## Features

- Elastomeric
- Male Plug Interior
- 20A 3-Phase 480V AC
- 3-Pole 4-Wire Grounding
- L16-20P

## Specifications

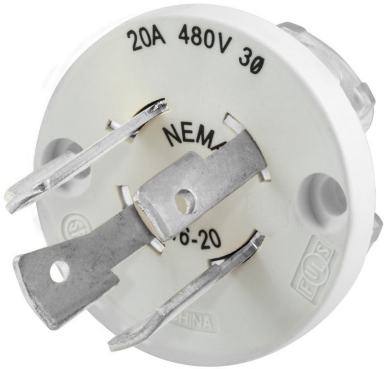

Nema Rating                      L16-20P

## Conductor

Number Of Wires                      4-Wire  
Number Of Poles                      3-Pole

## Current

Current/Amperage Rating                      20 Amp  
Description

Amperage Rating                      20 A  
Voltage Rating Description                      3 Phase 480 VAC  
Voltage Rating                      3 Phase 480 VAC

## General

Item Type                      20A 480V Watertight Plug  
Replacement Interior  
Type                      Interiors  
UPC                      781786378469

## Logistics

Carton Quantity                      10
