

## FOUR WHEEL UTILITY TRAILER

The **FWT Four Wheel Utility Trailer** is an all-around versatile trailer for all types of jobs. This industrial strength trailer is perfect for transporting large loads, from plywood, pallets of shingles, construction materials, to hand tools, generators, air compressors and more.

Opt to expand its load capacity by adding on the FXT extension kit (not shown here).

**This trailer is also available in these deck options: Steel Deck with Lip, Open Deck and MeshDeck.**

FWT-3048D

Model	Weight	Length	Width	Height	Deck Size	Wheel Type

## PERIMETER WARNING LINE SYSTEM

The **PWS-100-S Perimeter Warning Line System** is used in combination with **Perimeter Warning Flags** (Model #PWF-105) for use in alerting workers of dangerous areas. The Warning Line System fully conforms to OSHA regulations and requirements when used properly. Each stand is sold separately to allow for customization for your jobsite requirements.\*\*

Model	Style	Length	Width	Color
PWF-105	PERIMETER WARNING FLAGS	105'	n/a	Yellow
PWS-100-S	PERIMETER WARNING LINE SYSTEM	46.75"	40"	Yellow

\*\*This system is not a fall arrest or restraint system and is not designed for use as an attachment point for a fall arrest system.

**NOTE:** Always distribute load evenly. When uniform weight capacity is calculated for any product, the capacity is based on the weight being uniformly distributed over the entire usable area. For those products with casters or wheels, the maximum weight capacity is the lowest weight capacity of either the product or the set of casters/wheels.
