Description

Made of highly durable Class VI, FDA grade high-density polyethylene resin, these carboys offer excellent chemical resistance and are ideal for various solvents, buffers, reagents, powders, and solids. The ergonomic design features large handles and base with molded hand-grip, allowing you to easily lift and pour. Available in 83-mm and 120-mm sizes, the included polypropylene cap with platinum-cured silicone gasket provides a tight spill-proof seal. The larger 120-mm neck size allows you to reach into the carboy for quick and easy cleaning.

Carboys are compatible with interchangeable caps and adapters. Select from a wide range of adapters with molded or quick connect hose barb configurations for top connection flexibility.
