

32 Ounce, Dispensing Bottle With Flexible Tube for Flammable Liquids, Polyethylene, White - 14011

Product Images

Short Description

- Squeeze bottle design for safe dispensing of flammable liquids
- Minimum of overspray

Description

Made of polyethylene with a stainless steel wire, squeeze bottles provide safe dispensing of flammable liquids directly on small components or subassemblies with a minimum of over-spray. Squeeze the bottle to produce a fine stream of liquid. Stem can be shaped to dispense into hard-to-reach areas.
