Short Description

- Quick-access port allows for fast discards of smaller containers
- Controls odors and vapors
- Manual-latching lid

Description

VaporTrap™ Lid No. 26754 controls odors and vapors with a gasketed lid and gasketed 4-3/4" (121mm) easy-access port. This allows for fast discards of smaller containers such as used lubricants, motor oils and additives, as well as products used in retail settings such as non-reusable cosmetics and demonstration colognes. A safety vent relieves pressure buildup at elevated temperatures. Manual-latching lid is designed to accept an optional padlock to minimize access to contents.
