

Stainless Steel Chain for Gas Cylinder Support Brackets, 41" Long, - 35368

Product Images

Short Description

- Chain is 41-inches long
- Heavy duty size 2/0 chain with twist link
- Made of type 316 stainless steel

Description

For an improved level of safety for any installation, most brackets, stands, and carts include openings to retrofit secondary support chains, one chain for each cylinder strap. Type 316 stainless steel, 0.187-in (5-mm) proof coil chain allows links to lay flat against the cylinders, enabling a tighter fit and preventing damage to required labeling. Chains are 41-in (1041-mm) long.
