Short Description

- Ideal for minimal space
- Provide complete protection from harsh acids and corrosive chemicals
- Powder-coat paint finish provides increased chemical resistance
- Self-closing doors
- Seam-free surface eliminates the need for rivets or fasteners
- Complies with NFPA 1, NFPA 400 and the International Fire Code
- FM-approved

Description

Countertop and Compac cabinets let you customize your work areas and make the most of available space. Whether adding to existing storage space or making chemicals readily available at workstation locations, these smaller-sized cabinets are the solution when space is at a premium.

ChemCor® thermoplastic coating on all interior surfaces provides superior protection against corrosion from drips and off-gassing from harsh chemicals. Seam-free surface eliminates the need for rivets or fasteners which risk corrosion from seep-through chemicals. Non-porous surface resists staining and cleans up easily.

ChemCor® Lined Compac Hazardous Material Safety Cabinets have the same quality features found in Justrite's flammable cabinets — including double-wall, 18-gauge (1mm) welded steel construction, 2" (51mm) liquid-tight containment sump, dual vents, adjustable shelves, three-point stainless steel bullet self-latching doors with U•Loc™ padlockable handle and Haz-Alert™ reflective warning labels. An all epoxy baked-on

powder-coat finish, inside and out, provides increased chemical resistance. Interior ChemCor® liner ensures complete corrosion resistance and protection. Self-close door(s) shuts and latches automatically when a fusible link melts at 165°F (74ºC) under fire conditions. Unique, concealed self-closing mechanism offers obstruction-free access to contents.

Exclusive to Justrite, each cabinet comes with a "Hazardous - Keep Fire Away" label, as well as a pack of ten application-specific labels to choose from and apply to the cabinet in order to indicate its contents.

Cabinets comply with NFPA 1, NFPA 400 Hazardous Material Code, and the International Fire Code. Cabinets are FM approved and come with a ten-year warranty.

Specifications

Model No	8612282
UPC	697841154629
International Model No.	86122821
Color	Royal Blue
Material Specifications	18-Gauge Steel
FM Approval	Yes
Complies with International Fire Code	Yes
Complies with NFPA Code 30	Yes
Complies with NFPA 1 Fire-Code	Yes
Complies with NFPA 400	Yes
Capacity	12 gallon
Liter Capacity	45
Number of Doors	1
Door Type	Self-close
Number of Shelves	1
Adjustable Shelves	Yes
