

G Series -ATEX Certified Long 110V LED Pilot Light Operator -Red Lens With Blank Nameplate

By Killark
Catalog # [GOB3-R23C N34LEDCN](#)

G Series - Aluminum ATEX Certified Long 110V LED Pilot Light Operator -Red Lens With Blank Nameplate

Features

- Operators are all aluminum except for certain movable parts which are stainless steel.
- All other parts such as screws are either stainless steel or plated steel.
- Threaded bodies are all 3/4"-14 NPSM thread.
- Control stations can be grouped into a single assembly thus reducing installation time and cost.

Application

G Series custom control panel operators are designed for use in hazardous locations when installed in suitable enclosures such as B7E, EXB, XJB, DB, SWB, and GCS Series boxes and B7, Y7 starter enclosures.
