

Klein-Kurve Long-Nose Wire Stripper, Wire Cutter, Crimping Tool

This Wire Stripper Long-Nose Multi Tool cuts and strips 10-20 AWG solid and 12-22 AWG stranded wire as well as crimps insulated and non-insulated connectors. The tip is designed to grab, pull and bend wires. It is optimized for ideal leverage when cutting and crimping. Precision shear-type blades make cutting easier.

Specifications

Type:	Long-Nose	Application:	Wire Stripping, Cutting and Crimping
Special Features:	Reinforced Head	Strips and Cuts:	10-20 AWG Solid, 12-22 AWG Stranded
Screw Shearing:	6-32, 8-32	Jaw Capacity (Inch):	1.095
Crimping Capacity:	10-22 AWG Insulated and Non-insulated Terminals	Cutting Length (Inch):	0.5
Overall Length (Inch):	7.75	Handle Color:	Gray/Yellow
Handle Finish:	Double Dipped	Weight (oz):	5.4
