

Adjustable Connecting Bar Holder

Experience unparalleled versatility with Klein Tools' Adjustable Connecting Bar Holder, designed to move seamlessly with you in its unlocked position. Easily secure bars at 0-Degree, 30-Degree, and 60-Degree angles for optimal convenience, catering to both left and right-handed users. Supported by durable full-grain russet leather while fitting snugly on belts up to 3-Inch wide with its tucked tunnel loop design. This holder ensures longevity, and flexibility to keep your connecting bar securely on your toolbelt, always right where you want it.
