

Tube Racks

Multi-tube racks allow proper aligning for tubing, hose and wire. Organize multiple lines of pipe, tubing or hose with a single clamp. Each strip of 10 (TRS-250) can be easily bent or separated for individual use. Each channel has a convenient mounting screw hole. The 5 and 7 channel units (TRS-500 and TRS-380) have a mounting hole on the end of each strip and cannot be separated.

- Securely Routes & Mounts Tube Lines
- Mounting Versatility
- Molded Design Allows for Easy Customization
- Material Polyethylene
- Temperature Range: -80° F to 260° F
- Standard Color: Black

Part No.	Tubing Size	No. of Channels	Length	Mounting Screw
