

Gauge Block Set, Inch, Insp. Cert., BS

Item number: 516-303-11

Images

Description

A Mitutoyo gauge block set with all blocks made of zirconia ceramic. This is the hardest gauge block material and gives the best wear resistance combined with least secular change and has an expansion coefficient which closely matches that of steel. Excellent inter-set wringing properties and will wring to optical flats or gauge blocks made of any other material.

Features

Inch-Metric:	Inch
Type of Certificate:	Inspection certificate
Delivered:	In a wooden case with certificate of inspection
Accuracy:	BS 4311-1
Grade:	1
Material:	Ceramic
Set configuration:	0.1001-0.1009" (0.0001" step / 9 blocks) 0.101-0.149" (0.001" step / 49 blocks) 0.05-0.95" (0.05" step / 19 blocks) 1-4" (1" step / 4 blocks)
