

Gauge Block Set, Metric, Ins.
Cert., ISO

Item number: 516-831-10

Images

Description

A pair of thin, wear resistant Mitutoyo gauge blocks designed to form the end (or ends) of a stack of blocks to absorb normal wear and tear. These are especially economic when the application involves abrasive contact with the end (or ends) of a stack, so that instead of wearing a large proportion of the blocks in a whole set, the wear is largely confined to a pair of relatively inexpensive, and therefore easily replaceable, gauge blocks.

Features

Inch-Metric:	Metric
Type of Certificate:	Inspection certificate
Delivered:	In a wooden case with certificate of inspection
Accuracy:	EN ISO 3650
Grade:	1
Material:	Ceramic
Set configuration:	2 mm (2 blocks)

Mass:	130 g
