

Snap Meter for Mass-Produced Parts

Item number: 523-144

Images

Description

This Snap Gauge designed to mount an indicator to suit the measurement application, and offers the following benefits:

- It's ideal for rapidly inspecting workpieces, especially cylindrical, in batch or mass production situations, when you need an indication of where a measurement falls within the tolerance band.
- You can set it with external length standards such as block gauges.
- Easy-to-operate retracting button.

Features

Digital/Analog:	Analog
Inch-Metric:	Metric
Range:	75 - 100 mm
Delivered:	Including box, workpiece rest, setting standard, without indicator
Anvil retracting stroke:	2 mm
