ABSOLUTE Digimatic Scale Unit
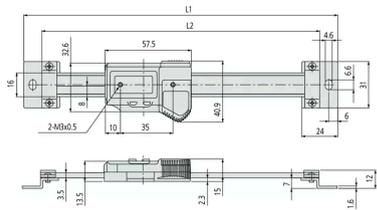

Item number: 572-600

Images

Description

You can use this scale unit in adverse environments with water and cutting oil due to it new detection method (electromagnetic induction).

- Specially designed output cables are developed to maintain the water resistant structure.
- You will have no overspeed error since the ABSOLUTE scale does not depend on counting scale graduations.
- Once an absolute zero (origin) point is set, the Digimatic Scale Unit shows the absolute distance from this point when it is powered on, rather than „0".
