

Gauge Block, Metric, with JCSS Cert.

Item number: 611711-046

Images

Description

This Grade 2 Gauge Block with JCSS Certificate offers you the following benefits:

- Outstanding dimensional stability: Mitutoyo steel gauge blocks are made exclusively from artificially aged material.
- High gauge reliability: The gauge blocks can be used as a standard for a long time due to their high dimensional stability.
- The maximum permitted length changes to gauge blocks over a year are defined in EN ISO 3650. Mitutoyo high-quality gauge blocks easily meet these and all other requirements.
- Steel gauge blocks are excellent for use as a standard because of the low measurement uncertainty that can be achieved when using them.
- Mitutoyo steel gauge blocks have top-quality surfaces, guaranteeing high wringing force.

Features

| | |
|-----------------------------|--|
| Inch-Metric: | Metric |
| Length [mm]: | 2.11 |
| Type of Certificate: | JCSS certificate |
| Delivered: | In a foamed material with JCSS calibration certificate |
| Accuracy: | EN ISO 3650 |
| Grade: | 2 |
| Material: | Steel |
