

# Gauge Block, Metric, Inspection Cert.

Item number: 611905-021

## Images

## Description

This Grade 0 Gauge Block with Inspection Certificate offers you the following benefits:

- Outstanding dimensional stability: Mitutoyo steel gauge blocks are made exclusively from artificially aged material.
- High gauge reliability: The gauge blocks can be used as a standard for a long time due to their high dimensional stability.
- The maximum permitted length changes to gauge blocks over a year are defined in EN ISO 3650. Mitutoyo high-quality gauge blocks easily meet these and all other requirements.
- Steel gauge blocks are excellent for use as a standard because of the low measurement uncertainty that can be achieved when using them.
- Mitutoyo steel gauge blocks have top-quality surfaces, guaranteeing high wringing force.

## Features

|                             |  |
|-----------------------------|--|
| <b>Inch-Metric:</b>         | Metric   |
| <b>Length [mm]:</b>         | 0.64   |
| <b>Type of Certificate:</b> | Inspection certificate                           |
| <b>Delivered:</b>           | In a foamed material with inspection certificate |
| <b>Accuracy:</b>            | EN ISO 3650                                      |
| <b>Grade:</b>               | 0  |
| <b>Material:</b>            | Steel  |
