

**M12 male 0° / M8 female 90°**

PUR 3x0.25 bk UL/CSA+drag chain 1m

Male straight – female 90°  
M12 – M8, 3-pole  
Art-No. 7005 - M12/M8 Lite - (plastic hexagonal screw) on request  
with cable sleeves  
Plastic housings with good resistance against chemicals and oils.  
The resistance to aggressive media should be individually tested for your application. Further details on request.  
Further cable lengths on request.

| Torsion stress                     | ±180°/m                                                                                                                                                |
| No. of torsion cycles              | max. 2 Mio. (25 °C)                                                                                                                                    |
| Torsion speed                      | 35 cycles/min                                                                                                                                          |
| Jacket Color                       | black                                                                                                                                                  |

#### Technical Data

|                                           |                                                                         |
|-------------------------------------------|-------------------------------------------------------------------------|
| Operating voltage                         | max. 50 V AC/60 V DC                                                    |
| Operating voltage (only UL listed)        | max. 30 V AC/DC                                                         |
| Rated surge voltage                       | 1.5 kV                                                                  |
| Operating current per contact             | max. 4 A                                                                |
| Material group                            | IEC 60664-1, category I                                                 |
| No. of poles                              | 3                                                                       |
| Coding                                    | A-coded                                                                 |
| Locking of ports                          | Screw thread (M8/M12×1 mm) recommended torque 0.4/0.6 Nm, self-securing |
| Compression gland                         | M8 (SW9), M12 (SW13)                                                    |
| Protection                                | IP67 inserted and tightened (EN 60529)                                  |
| Locking material                          | Zinc die casting, matte nickel plated                                   |
| Material                                  | PUR                                                                     |
| suitable for corrugated tube (internal Ø) | M12 (10 mm); M8 (6.5 mm)                                                |
