

**MSUD DOUBLE VALVE PLUG FORM BI 11MM**

PVC 4X0.75 GRAY, 3m

Form BI (11 mm)

24 V AC  $\pm 20\%$  / DC  $\pm 25\%$ 

LED and suppression

Connection cable L = 150 mm

Further cable lengths on request.

Plastic housings with good resistance against chemicals and oils.

The resistance to aggressive media should be individually tested for your application. Further details on request.

| AWG                                | similar to AWG 18                              |
| Material (wire isolation)          | PVC                                            |
| Material property (wire isolation) | CFC-, cadmium-, silicone- and lead-free        |
| Shore hardness (wire isolation)    | 43 ±5 D                                        |
| Wire-Ø incl. isolation             | 1.8 mm ±5%                                     |
| Color/numbering of wires           | bk numbered, gnye longitudinally striped       |
| Stranding combination              | 4 wires twisted                                |
| Shield                             | no                                             |
| Material (jacket)                  | PVC                                            |
| Material property (jacket)         | CFC-, cadmium-, silicone- and lead-free        |
| Shore hardness (jacket)            | 80 ±5 A                                        |
| Outer-Ø (jacket)                   | 6.5 mm ±5%                                     |
| Color (jacket)                     | gray                                           |
| chemical resistance                | good resistance to oil, gasoline and chemicals |
| Nominal voltage                    | 300/500 V AC                                   |
| Test voltage                       | 3000 V AC                                      |
| Current load capacity              | to DIN VDE 0298-4                              |
| Temperature range (fixed)          | -30...+70 °C                                   |
| Temperature range (mobile)         | -5...+70 °C                                    |
| Bend radius (fixed)                | 5× outer Ø                                     |
| Bend radius (moving)               | 10× outer Ø                                    |
| Jacket Color                       | gray                                           |
| <b>Technical Data</b>              |                                                |
| Operating voltage                  | 24 V AC ±20% / DC ±25%                         |
| Operating current per contact      | max. 4 A                                       |
| Switch off peak                    | max. 55 V                                      |
| Switch off delay time              | max. 20 ms                                     |

|                        |                                        |
|------------------------|----------------------------------------|
| LED display            | (yellow)                               |
| Current consumption    | approx. 12 mA                          |
| Housing                | Black plastic (gray on request)        |
| Locking of ports       | M3 (recommended torque 0.4 Nm)         |
| Protection             | IP67 inserted and tightened (EN 60529) |
| Rated surge voltage    | 0.8 kV                                 |
