

LOW PRESSURE HAND GUN #10000201

1. Remove brass plug from rear of brass cross. (Located at rear, below cable attachment for spray valve)
2. Thread ball valve (11) into port of brass cross. Thread brass elbow (12) in ball valve & tighten fittings.
NOTE: Use Teflon tape or pipe dope to seal fitting.
3. Install hand gun hose (2) onto brass elbow (12).

IMPORTANT: Care must be taken when adding or removing wand. Item #6 (valve seat) must be positioned as shown. If improperly installed the gun will not shut off.

Parts List

Item	Description	Part Number
1	Spray gun (Includes nozzle cap and valve seat)	10000147
2	12' Hose assembly	10000695
3	Nozzle cap	10000030
4	Nozzle 8004	10000133
5	24" Wand	10000351
6	Valve Seat	10000136
***	Check Valve Assembly includes items #7-9	10002640
7	1/4" x 3/8" Bushing	10002641
8	24 Mesh filter	10003489
9	Nozzle Body	10000028
10	1/4" Hex nipple	10000731
11	1/4" Ball valve	10000233
12	1/4" Brass elbow	10000159
