

Product Benefits

Easily paint hash marks five times faster than other methods.

Convenient: The HASHMARK PAINT AND GO™ stencil mounts to the rear of most Newstripe walk behind machines so you can seamlessly paint your field and hash lines. Plus, it uses your stripers spray gun so there is no need for additional accessories

Save Time and Money: Eliminate the need for a two or three man crew. One person can easily do the work of two or three in a fraction of the time.

Works with High Pressure Machines: The HASHMARK PAINT AND GO™ is capable of working on both high and low pressure striping machines.

Product Overview

The HASHMARK PAINT and GO™ is the fast inexpensive, and simple way to paint your football fields hash marks. This unique flip up stencil attaches to your striper eliminating the need to drag a template around the field.

Fast and Simple to Use

The HASHMARK PAINT AND GO™ operation is as simple as **One, Two, Three:**

1. Attach the HASHMARK PAINT AND GO™ to your Newstripe walk-behind striping machine.
2. Follow the automatic measuring guide from one hash mark to the next.
3. Flip the stencil down and spray the hash mark. It is that simple!
