Description

Barrier Rib™ is a unique yet highly functional indoor/outdoor entrance mat with a molded dual-ridge cross-rib pattern that facilitates the scraping and drying process. A raised rubber barrier mat's border forms a perimeter on all four sides of the mat retains moisture and debris. Barrier Rib™ features an antimicrobial carpet treatment stops odor causing bacteria and germs at the entrance. An extremely durable rubber backed mat, Barrier Rib™ has a highly fashionable look that features carpet-to-the-edge (CTE™) to blend with its surroundings and contemporary color choices to match any décor.
