- Color palette of 22 base colors
- 24 oz of cut-pile nylon provides increased moisture retention
- Vinyl backing ensure minimal buckling and mat movement
- Custom sizes available, minimum quantity required (Call Customer Service for details)

Description

Superior Impact™ logo matting is a multi-functional entrance mat that stops dirt and debris while adding aesthetic appeal and promotes your brand/message. The mats are printed with a state-of-the-art dye-injection process that is entirely computer controlled. Dye is injected deep into the carpet pile for long-lasting vibrant color that resists fading over time. The mat itself is made from a high quality fiber with a heavy-duty vinyl backing that creates greater surface friction, greatly reducing mat movement on smooth floors such as wood, marble, tile, or concrete.

Specifications

Model No	193S031000
Color	Logo
Dimensions	3ft x 10ft
Thickness	3/8in
UPC	662641820081
