

2' x Custom Length, Black, Ergo Trax® Anti Fatigue Mat, 485

Product Images

Short Description

- Heavy duty vinyl top surface combined with Niru® rubber base provides superior durability and traction
- Niru® rubber foam base provides high friction to reduction in mat movement
- Vinyl top surface is made of 100% recycled materials
- UniFusion™ bond guaranteed for the life of the mat
- Beveled edges on all 4 sides

Description

Ergo Trax® is engineered to meet the toughest requirements of today's industrial applications and is particularly suited for multi-shift operations in dry work areas. The durable vinyl diamond-plate top surface design provides non-directional traction and is easy to clean. The top surface is combined with a Niru® rubber sponge base utilizing NoTrax® exclusive UniFusion™ technology that virtually eliminates the possibility of de-lamination. The sloped beveled edges reduce tripping hazards and allow easy access on and off the mat.

Specifications

Model No	485C0024BL
Color	Black
Dimensions	2ft x Specify Length
Thickness	9/16in
UPC	662641899964
Brand	NoTrax
Roll Sizes	2'x75', 3'x75', 4'x75'
Custom Lengths	2', 3' and 4' widths (up to 75' long)
Standard sizes	2'x3', 3'x5', 3'x12'
Group	Ergonomic, Anti-fatigue & Safety Matting
Environment	Dry Areas
Special Characteristics	Coefficient of friction NSF1 certified
Recommended Use	For placement in manufacturing plants, assembly lines, picking, packing and logistics warehouses, individual work stations.
Special Remarks	Vinyl top surface makes it easy to sweep or mop clean. Ideal for multi-shift environments.
Edges	Beveled edges on all sides
Usage Intensity	Heavy duty
Installation	No installation required
Material Specifications	PVC on microcellular vinyl base
Surface Detail	Industrial Diamond Plate
Backing	Closed Cell Polyvinylchloride
Process	Lamination
Weight Lbs/sqft	1.2
Thickness Inch	9/16in
Fire Rating US	Pass

Anti-Fatigue Rating	Best
Slip Resistance Rating	Best
Wear Resistance Rating	Best

Prop 65
