## Description

---

Diamond-Tuff™ is a durable diamond anti-fatigue/anti-slip mat with a vinyl diamond plate top surface that provides sure footing and a foam base to provide the ultimate relief for leg and back discomfort in work applications where standing occurs for long periods of time. Diamond-Tuff™ is available in both workstation sizes and full rolls for applications that require a longer mat such as assembly lines. The non-directional diamond plate top surface is easy to sweep or damp mop clean. The sloped beveled edges reduce tripping hazards and allow easy access on and off the mat.
