Product Images

Short Description

- Resilient natural rubber compound withstands many common industrial cutting oils and chemicals
- Flexible cushioning design provides maximum comfort
- Large hole configuration facilitates drainage and resists clogging
- Raised mini-diamond studs on top surface minimize slippage
- Square edges on all 4 sides

Description

Cushion-Tred™ is made from a resilient rubber compound that can withstand many of the commonly found industrial chemicals, cutting fluids, oils, and greases. A large hole drainage system facilitates the removal of liquid and debris from the work area. Design is compatible with the Notrax® M.D. Ramp System for greater ease onto or off of the mat.
