Product Images

Short Description

- Easy to snap together system for on-site custom work station platforms
- General purpose rubber compound
- Compatible with CO-NEX™ mats
- 3 foot long Male/Female Ramps

Description

CO-NEX™ Ramps are designed for use with CO-NEX™ floor mats and provides a 2" beveled edge for easy access onto or off of the work platform. Made from a general purpose rubber compound. All ramp lengths fit the male/female interlocking system on the mats and are beveled and molded with mitered corners and a protruding tab that locks together the two adjoining ramps for a secure, professional corner. Square edges can be achieved by trimming off the miter using the cut line on the bottom of the ramp.
