Description

Superflow™ is a lightweight anti-fatigue nitrile rubber workstation mat. Its' lightweight design makes it a perfect choice for applications where the mat is routinely moved for cleaning. Superflow™ is reversible further extending the life of the mat. A drainage system facilitates the removal of liquids and debris from the work area and the molded-in beveled edges reduce trip hazards and allow for easy access onto and off of the mat. Superflow™ has an aggressive textured top surface that provides additional traction in wet or greasy areas.
