- Low profile for cart traffic
- General Purpose Rubber
- Molded in beveled edges on all 4 sides

Description

Competitor™ is a cost effective lightweight anti-fatigue mat with molded-in beveled edges for a more workstation oriented environment. Available in general purpose rubber and has a lightweight design making it perfect for applications where the mat is routinely moved for cleaning. Large hole drainage system facilitates the removal of liquids and debris from work areas and the molded-in beveled edges reduce trip hazards, allowing for easy access onto and off of the mat.
