Pneumatic pumps

- Options**
- 3 or 20µ Filter
 - Custom Fluid ID Label
 - Pneumatic 5:1 pump
 - Spill Containment
 - Colorized Quick Connects

The Oil Safe Lustor system offers users the ability to have a compact storage system located virtually anywhere. These independent systems feature a 65 gallon (250 liter) tank with integrated filtration and dispensing. The system is also available with a 132 gallon capacity that doesn't take up additional floor space because an additional tank is stacked above the dispensing station. Lustor system also features 3 way filtration, an oil consumption meter, auto shut-off dispensing taps, drip tray, and polypropylene tanks. The system is pneumatic and only air is needed to be run to the system simplifying installation. A wall mount version without a reservoir for use with drum or totes.

Systems come assembled with only minimal setup needed to get started.

Part #	Description
FF50001	Wall Mount
FF50065	65 Gallon
FF50132	132 Gallon
FF59001	Spill Deck
