PRODUCT OVERVIEW

If you are fed up with replacing your fire extinguishers, this sturdy, tamperproof, self-contained alarm is the answer. It has proven highly effective in helping stop theft, misuse or vandalism of fire extinguishers. Yet, it leaves the extinguisher accessible for emergencies and does not interfere with fire fighting in any way.

HOW IT WORKS

If the protected fire extinguisher is moved from its normal position, the device emits a piercing alarm. Also, the highly visible stop sign design and the words "STOP, EMERGENCY USE ONLY" discourages wrongful use. The device is easy to install and a deactivation cable is supplied for ease in servicing the extinguisher. A 9 VDC alkaline battery is included.

PRODUCT INFORMATION

This sturdy, tamper resistant, self-contained device helps prevent the theft or vandalism of fire extinguishers. Experience has shown its highly visible "stop sign" design is itself an effective deterrent. The device contains a 9 VDC battery (included), a selectable 95 or 105 dB horn and a unique steel cable operated switch mechanism. When the extinguisher is removed, the galvanized steel cable is pulled out of the alarm and the horn sounds.

- Reduces theft of vital fire extinguishers
- Reduces vandalism of fire extinguishers
- Completely self-contained
- Does not interfere with fire fighting in any way
- Remote powered 12 VDC version available
- Lifetime warranty against breakage of polycarbonate housing
